The Blueprint of Us

A tale of silent connections, hidden clues, and an evolving bond.

Phase 1: The Initial Spark

Ajay's college life was a blur of fresh beginnings until the day he saw her. She was sitting near the grand archway of the wing where all the first-year students gather to study the fundamental laws of physics and the nuances of literature. They never spoke, but their paths crossed constantly in those crowded, foundational corridors. Captivated, he found himself following her daily routine from a distance, trying to summon the courage to say hello, hoping to find the perfect frequency to match her stride.
