THE LOST OFFER LETTER

PHASE 1

Kabir's offer letter must be signed by 5 PM today, or the offer is cancelled. This morning it vanished from the placement cell. In its place: a Joker card and a note. At every stop, I leave you an envelope with a playing card. Keep every card. You will need all of them at the end.

"Caesar taught me to stay ahead of everyone. Count the Jokers on this card. That is how many steps ahead I walked."
